 - This shows the log files for http access attempts from December 8-10, 2013.

File: access_log-20131117

1. What type of log files are they?
 - Access Logs
2. What are the dates that are represented by the logs?
 - November 10-17, 2013
3. How many unique users appear?
 - 1752
4. What was the largest data export? And does it look out of the ordinary?
 - IP: 199.30.20.84
 - 67968
5. What is the most common error found in the error logs?
 - 200 Error
6. Do you see anything out of the ordinary?
 - Some Romanian sites accessed the page
7. Write a short synopsis of what you found.
 - This shows the log files for http access attempts on 11/17/2013.

File: access_log-20131124

1. What type of log files are they?
 - Access Logs
2. What are the dates that are represented by the logs?
 - November 17 -24, 2013
3. How many unique users appear?
 - 1979

4. What was the largest data export? And does it look out of the ordinary?
 - IP: 146.120.158.93
5. What is the most common error found in the error logs?
 - 200 Error
6. Write a short synopsis of what you found.
 - These are the http access logs for November 17-24, 2013.

File: access_log-20131201

1. What type of log files are they?
 - Access Logs
2. What are the dates that are represented by the logs?
 - November 24 - December 1, 2013
3. How many unique users appear?
 - 1807
4. What was the largest data export? And does it look out of the ordinary?
 - IP: 61.135.190.222
 - 31028
5. What is the most common error found in the error logs?
 - 200 Error
6. Write a short synopsis of what you found.
 - These are the http access logs from November 24, 2013 - December 1, 2013.

File: access_log-20131208

1. What type of log files are they?
 - Access Logs
2. What are the dates that are represented by the logs?
 - December 1 - 7, 2014
3. How many unique users appear?
 - 1854
4. What was the largest data export? And does it look out of the ordinary?
 - IP: 209.242.132.126
 - 10959
5. What is the most common error found in the error logs?
 - 200 Error
6. Do you see anything out of the ordinary?
 - An access attempt from <http://pspstrana.ru/>
7. Write a short synopsis of what you found.
 - These are the http access logs from December 1 - 7, 2014.

File: error_log

1. What type of log files are they?
 - Error Logs
2. What are the dates that are represented by the logs?

- December 8 – 10, 2013
- 3. How many unique users appear?
 - 19
- 4. What is the most common error found in the error logs?
 - File Does Not Exist
- 5. Do you see anything out of the ordinary?
 - No
- 6. Write a short synopsis of what you found.
 - In these error logs the most common error was a file does not exist. So I would assume the user was looking for a page that simply didn't exist. Other common errors were script not found.

File: error_log-20131117

1. What type of log files are they?
 - Error Logs
2. What are the dates that are represented by the logs?
 - November 10 – 17, 2013
3. How many unique users appear?
 - 30
4. What is the most common error found in the error logs?
 - File Does Not Exist
